ORDER WITH RESPECT TO PAYMENTS UNDER THE 1936 AGRICULTURAL CONSERVATION PROGRAM

EAST CENTRAL REGION

Whereas under the provisions of Section 3, Part II, of East Central Region Bulletin No. 1, Revised, as amended, the rates of payments specified in Section 2, Part II, of said bulletin are based upon an estimate of available funds and an estimate of approximately 80 percent participation by farmers in the 1936 Agricultural Conservation Program in the East Central Region, and it is also provided in said Section 3 that, if participation in the East Central Region is less than or exceeds said 80 percent, the said rates of payment in the East Central Region may be increased or decreased pro rata, as the case may be, provided that in no event will the rates be increased or decreased by more than 10 percent; and

Whereas under the provisions of Section 8, Part II, of said bulletin, it is provided that, in computing payments under the 1936 Agricultural Conservation Program in the East Central Region, there shall be deducted from the payment to any person with respect to a farm or farms in a county all or such part as shall, under rules prescribed by the Secretary, be determined to be such person's pro rata share of the estimated administrative expenses incurred and to be incurred by the County Agricultural Conservation Association of the county in which such farm or farms are located, in cooperating in carrying out in such county the 1936 Agricultural Conservation Program; and

Whereas under date of October 7, 1936, the Secretary of Agriculture in an order entitled "Order with Respect to Payments under the 1936 Agricultural Conservation Program—East Central Region" (See Federal Register, October 8, 1936, pages 1786-1789) ordered:

"(1) That pending determination by the Secretary of Agriculture of the adjustments, if any, to be made in the rates of the payments specified in section 2, Part II, of said bulletin, and determination of the deductions for administrative expenses, there shall be made, as soon as practicable, with respect to each Application for Payment, Form ECR-11, duly executed in accordance with the applicable rules and instructions, except those applications with respect to which the application of the provisions of section 5, Part II, of said bulletin will result in a deduction from the soil-building payment, an initial payment equal to 90 percent of the total payment computed in accordance with the rates, and subject to the conditions, in effect under said program as of the date hereof, and

"(2) Subsequent to the date of such determinations by the Secretary of Agriculture, there shall be made with respect to each Application for Payment, Form ECR-11, duly executed in accordance with the applicable rules and instructions:

(a) To each person entitled thereto who has not previously received an initial payment pursuant to the paragraph numbered "(1)" above, one full and final payment; and

(b) To each person who has received an initial payment pursuant to the paragraph numbered "(1)" above, the balance of the payment to which he may be entitled which shall be computed by applying fixed percentages to the initial payment made pursuant to section 2, Part II of said bulletin, and to the initial soil-building payment, respectively;"

and,

Whereas farmers participating in the 1936 Agricultural Conservation Program in the East Central Region have completed the practices in connection with which payments under the terms and conditions of said program are to be made; and

Whereas from the number of Applications for Payment, Form ECR 11, which have been submitted in the East Central Region and which it is estimated will be submitted in the future, it reasonably appears that participation by farmers in the 1936 Agricultural Conservation Program in the East Central Region will be less than 80 percent to such extent and the payments to such participants at the rates specified in said bulletin will in the aggregate be such an amount that, taking into consideration the available funds, the rates specified in section 2, Part II of said bulletin may be increased 5 percent:

Now, therefore, I, H. A. Wallace, Secretary of Agriculture, pursuant to the authority vested in the Secretary of Agri-

Published by the Division of the Federal Register, The National Archives, pursuant to the authority contained in the Federal Register Act, approved July 26, 1935 (49 Stat. L. 500), under regulations prescribed by the Administrative Committee, with the approval of the President.

ORDER WITH RESPECT TO PAYMENTS UNDER THE 1936 AGRICULTURAL CONSERVATION PROGRAM

NORTH CENTRAL REGION

Whereas under the provisions of Section 6, Part II, of North Central Region Bulletin No. 1, Revised, as amended, the rates of payments specified in Sections 2, 3, and 4, Part II, of said bulletin are based upon an estimate of available funds and an estimate of approximately 80 percent participation by farmers in the 1936 Agricultural Conservation Program in the North Central Region, and it is also provided in said section 6, that, if participation in the North Central Region exceeds or is less than said 80 percent, the said rates of payment in the North Central Region may be increased or decreased pro rata, as the case may be, provided that in no event will such rates be increased or decreased by more than 10 percent; and

Whereas under the provisions of section 5, Part II, of said bulletin the rate of payment with respect to rice in the North Central Region is subject to the provisions of the 1936 Agricultural Conservation Program for the Southern Region with respect to rice; and

Whereas under the provisions of section 10, Part II, of said bulletin it is provided that, in computing payments under the 1936 Agricultural Conservation Program in the North Central Region, there shall be deducted from the payment to any person with respect to a farm or farms in a county all or such part as shall, under rules prescribed by the Secretary, be determined to be such person's pro rata share of the estimated administrative expenses incurred and to be incurred by the County Agricultural Conservation Association of the County in which such farm or farms are located, in cooperating in carrying out in such county the 1936 Agricultural Conservation Program; and

Whereas the Secretary of Agriculture in an order dated October 7, 1936, entitled, "Order with Respect to Payments under the 1936 Agricultural Conservation Program—North Central Region" (see Federal Register, October 8, 1936, pages 1787-1788) as amended October 19, 1936 (see Federal Register, October 22, 1936, page 1907), ordered:

"(1) That pending determination by the Secretary of Agriculture of the adjustments, if any, to be made in the rates of the payments specified in sections 2, 3, and 4, Part II, of North Central Region Bulletin No. 1, Revised, as amended, and determination of the deductions for administrative expenses, there shall be made, as soon as practicable, with respect to each Application for Payment,

Form NCR-12, Form NCR-15, or Form NCR-17, duly executed in accordance with the applicable rules and instructions, an initial payment equal to 90 percent of the total payment computed in accordance with the rates, and subject to the conditions, in effect under such program as of October 19, 1936, and

"(2) Subsequent to the date of such determinations, there shall be made with respect to each Application for Payment, Form NCR-12, Form NCR-15, or Form NCR-17, duly executed in accordance with the applicable rules and instructions:

"(a) To each person entitled thereto who has not previously received an initial payment pursuant to the paragraph numbered (1) above, one full and final payment; and

"(b) To each person who has received an initial payment pursuant to the paragraph numbered (1) above, the balance of the payment to which he may be entitled.";

and,

Whereas farmers participating in the 1936 Agricultural Conservation Program in the North Central Region have completed the practices in connection with which payments under the terms and conditions of said program are to be made; and

Whereas from the number of Applications for Payment, Form NCR-12, Form NCR-15, and Form NCR-17, which have been submitted in the North Central Region and which it is estimated will be submitted in the future, it reasonably appears that participation by farmers in the 1936 Agricultural Conservation Program in the North Central Region will be less than 80 percent to such extent and the payments to such participants at the rates specified in said bulletin will in the aggregate be such an amount that, taking into consideration the available funds and the fact that in the North Central Region (but not in the Southern Region) the payment to any person with respect to rice is subject to deduction for such person's pro rata share of the estimated administrative expenses of the county association of which such person is a member, the rates specified in sections 2, 3, 4, and 5, Part II of said bulletin may be increased 7 percent;

Now, therefore, I, H. A. Wallace, Secretary of Agriculture, pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act as amended, do hereby order that—

(1) When the amount of the estimated administrative expenses incurred or to be incurred by the County Agricultural Association for any county in carrying out in such county the 1936 Agricultural Conservation Program has been determined for such county, and the amount of such administrative expenses to be deducted pro rata from payments to members of such association has been determined, and the estimated total payments, prior to deduction of said administrative expenses, have also been determined, there shall be made with respect to each Application for Payment, Form NCR-12, Form NCR-15, or Form NCR-17, duly executed in accordance with the applicable rules and instructions:

(a) To each person entitled thereto who has not previously received an initial payment pursuant to said order of the Secretary of Agriculture dated October 7, 1936, as amended, one full and final payment equal to 107 percent of the soil-conserving payment and the payments with respect to sugar beets, flax, and rice, and 100 percent of the soil-building payment computed in accordance with the rates, and subject to the conditions, in effect under said program as of the date hereof less the amount of the administrative expenses applicable to such payment; and

(b) To each person who has received an initial payment pursuant to said order of the Secretary of Agriculture dated October 7, 1936, as amended, an additional and final payment which, with such initial payment, will be equal to 107 percent of the soil-conserving payment

and the payments with respect to sugar beets, flax, and rice, and 100 percent of the soil-building payment computed in accordance with the rates, and subject to the conditions, in effect under said program as of the date hereof less the amount of such administrative expenses applicable to the sum of such initial payment and such additional and final payment.

In testimony whereof, H. A. Wallace, Secretary of Agriculture, has hereunto set his hand and caused the official seal of the Department of Agriculture to be affixed in the city of Washington, District of Columbia, this 6th day of January 1937.

ORDER WITH RESPECT TO PAYMENTS UNDER THE 1936 AGRICULTURAL CONSERVATION PROGRAM

SOUTHERN REGION

Whereas under the provisions of Section 5, Part II of Southern Region Bulletin No. 1, Revised, as amended, the rates of the payments specified in Sections 2, 3, and 4, Part II, of said bulletin are based upon an estimate of available funds and an estimate of approximately 80 percent participation by farmers in the 1936 Agricultural Conservation Program in the Southern Region, and it is also provided in said Section 5, that, if participation in the Southern Region is less than or exceeds said 80 percent, the said rates of payment in the Southern Region may be increased or decreased pro rata, as the case may be, provided that in no event will the rates be increased or decreased by more than 10 percent; and

Whereas the Secretary of Agriculture, in an order dated October 7, 1936, entitled "Order with Respect to Payments under the 1936 Agricultural Conservation Program—Southern Region" (see Federal Register, October 8, 1936, page 1788) as amended October 26, 1936 (see Federal Register, October 28, 1936, page 1951), ordered:

"(1) That pending determination by the Secretary of Agriculture of the adjustments, if any, to be made in the rates of the payments specified in sections 2, 3, and 4, Part II, of said bulletin, there shall be made, as soon as practicable, with respect to each Application for Payment, Form SR-9, duly executed in accordance with the applicable rules and instructions, except those applications with respect to which the application of the provisions of section 7, Part II, of such bulletin will result in a deduction from the soil-building payment, an initial payment computed in accordance with rates equal to 90 percent of the rates of the payments specified in sections 2, 3, and 4, Part II, and of the rates of deductions provided for in sections 6 and 7, Part II, of said bulletin in effect as of October 26, 1936, and 100 percent of the rates of the soil-building payments in effect as of October 26, 1936, respectively, subject to the conditions in effect under said program as of October 26, 1936, and

"(2) Subsequent to the date of such determinations by the Secretary of Agriculture, there shall be made with respect to each Application for Payment, Form SR-9, duly executed in accordance with the applicable rules and instructions:

"(a) To each person entitled thereto who has not previously received an initial payment pursuant to the paragraph numbered '(1)' above, one full and final payment; and

"(b) To each person who has received an initial payment pursuant to the paragraph numbered '(1)' above, the balance of the payment to which he may be entitled which shall be computed by applying a fixed percentage to the initial payment made pursuant to sections 2, 3, and 4, Part II, of said bulletin.";

and,

Whereas farmers participating in the 1936 Agricultural Conservation Program in the Southern Region have completed the practices in connection with which payments are to be made under the terms and conditions of said programs and

Whereas from the number of Applications for Payment, Form SR-9, which have been submitted in the Southern Region and which it is estimated will be submitted in the future, it reasonably appears that participation by farmers in the 1936 Agricultural Conservation Program in the Southern Region will be approximately 80 percent;

Now, therefore, I, H. A. Wallace, Secretary of Agriculture, pursuant to the authority vested in the Secretary of Agriculture under Section 8 of the Soil Conservation and Domestic Allotment Act, as amended, do hereby order that there shall be made with respect to each Application for Payment, Form SR-9, duly executed in accordance with the applicable rules and instructions:

(a) To each person entitled thereto who has not previously received an initial payment pursuant to said order of the Secretary of Agriculture dated October 7, 1936, as amended, one full and final payment equal to 100 percent of the soil-conserving payment and 100 percent of the soil-building payment computed in accordance with the rates, and subject to the conditions, in effect under said program as of the date hereof; and

WESTERN REGION

Whereas under the provisions of Section 6, Part II, of Western Region Bulletin No. 1, Revised, as amended, the rates of payments specified in Sections 2, 3, 4, and 5, Part II, of said bulletin are based upon an estimate of available funds and an estimate of approximately 80 percent participation by farmers in the 1936 Agricultural Conservation Program in the Western Region, and it is also provided in said section 6 that, if participation in the Western Region is less than or exceeds said 80 percent, the said rates of payment in the Western Region may be increased or decreased pro rata, as the case may be, provided that in no event will such rates be increased or decreased by more than 10 percent; and

Whereas under the provisions of section 10, Part II, of said bulletin it is provided that, in computing payments under the 1936 Agricultural Conservation Program in the Western Region, there shall be deducted from the payments to any person with respect to a farm or farms in a county all or such part as shall, under rules prescribed by the Secretary, be determined to be such person's pro rata share of the estimated administrative expenses incurred and to be incurred by the County Agricultural Conservation Association of the county in which such farm or farms are located, in cooperating in carrying out in such county the 1936 Agricultural Conservation Program; and

Whereas under date of October 7, 1936, the Secretary of Agriculture in an order entitled "Order with Respect to Pay-

and,

Whereas farmers participating in the 1936 Agricultural Conservation Program in the Western Region have completed the practices in connection with which payments under the terms and conditions of said program are to be made; and

Whereas from the number of Applications for Payment, Form WR-11 and Form WR-12, which have been submitted in the Western Region and which it is estimated will be submitted in the future, it reasonably appears that participation by farmers in the 1936 Agricultural Conservation Program in the Western Region will be less than 80 percent to such extent and the payments to such participants at the rates specified in said bulletin will in the aggregate be such an amount that, taking into consideration the available funds, the rates specified in sections 2, 3, 4, and 5, Part II of said bulletin, may be increased 7 percent;
